Always Pursue to build better and high quality real-time AI solution with Embedded-Systems and address real-world problems

WORK EXPERIENCE

EDUCATION

- **Gitam School of Technology**   Hyderabad, India
  Bachelor of Technology in Electronics and Communication Engineering   Summer 2018 - Summer 2022
  GPA : 8.11 / 10
- **Coursework:** Analog and Digital Circuits, Analog and Digital Communication, Verilog, MATLAB, Distributed Network Circuits, Machine Learning, Deep Learning, Database, Embedded Systems, IoT, Web Development.

ACHIEVEMENTS

- **VIRTUSA JATAYU** : Qualified for Second Stage in the top 20 among 100 colleges around India.

PROJECTS

- **Embedded Drone with IoT** : Drone for mapping and scanning in the sky for surveillance
- **Multi-Class Object Detection** : a classifier for detecting different diseases in leaves
- **Chatbot using RASA** : a chatbot for interacting with the user about space
- **Google Landmark Detection** : Kaggle Competition for landmark detection
